

DEMOCRATS DIFFER ON REORGANIZATION

Cox Balks at Turning Control of Party Over to Leaders of McAdoo Faction

PLAN TO RETIRE WHITE

By CLINTON W. GILBERT

Washington, Dec. 10.—Plans for the reorganization of the Democratic party have been halted by a failure of the Cox faction and the McAdoo faction of the party to reach an agreement.

The plan, worked out in conference between some of Cox's friends and Bernard M. Baruch and other friends of McAdoo who had aided Cox in the campaign, was for National Chairman George White to retire in the near future, and for Thomas L. Chabourne, a wealthy New York lawyer, to take his place.

Mr. Chabourne has been identified with the McAdoo wing of the party and is a close friend of Mr. Baruch, who, it is understood, was to have been closely associated with Mr. Chabourne in the work of building up an effective organization for the Democracy along the lines pursued by Will H. Hays in organizing the Republican party.

This arrangement, had it met with Governor Cox's approval, would have assured the financing of the Democracy for both Mr. Chabourne and Mr. Baruch are men of large means and both of them have access to plenty of money. The idea appealed to the men in the party who face the existing deficit in raising funds during the national campaign.

Cox Expects Reaction But it would have meant a practical surrender of the national organization by Governor Cox to Mr. McAdoo, Cox is a fighter, he is a young man and loves power. He does not think that 1920 had its end.

He doubtless counts upon obtaining money from other sources than Mr. Chabourne and Mr. Baruch for the building up of the party going to the campaign for Congress in 1922. He is himself a man of wealth and he has wealthy friends. And perhaps his counts on obtaining aid from the Baruch-Chabourne element upon easier terms than turning the party over outright at this time.

In the recent campaign he was able finally to obtain aid from Mr. Baruch, who put the interests of the party above those of the McAdoo faction and gave liberally in the last weeks before election to the Cox fund. The Cox strategy is to wait until the Chairman White, who desires to quit, has been in the capital for some days. He indicated that there is no occasion for the immediate reorganization of the party.

Nothing practical, he said, could be done now looking toward strengthening the Democracy for the campaign of 1922. It is, he thinks, too far ahead. It is necessary to let the Republicans make their record and organize an attack upon them on the basis of that record.

Cox Opposed to McAdoo Putting it commercially, these men Mr. White doesn't say this—no reason for Governor Cox to sell out now. The assets of the Democracy were never worth less than they are at this moment with a 7,000,000 popular majority just rolled up against the national opposition and with a big deficit in the treasury.

Relief Committee Appeals to Wilson Washington, Dec. 10.—By A. P.—President Wilson was asked today by Arthur C. Moore, chairman of the District of Columbia Hoover relief committee, to issue a nation-wide appeal for funds for the relief of the children of central Europe.

League Asked to Demand Instruction in Esperanto

Geneva, Dec. 10.—(By A. P.)—A resolution demanding that Esperanto be taught in public schools was introduced in the assembly this morning. The conflict which has arisen over the official language of the league resulted in bringing Esperanto before the assembly as a candidate for official recognition, and today's resolution was in line with this movement.

The sponsors of the resolution were Rodrigo Octavio, of Brazil; senior Rostropovitch, of Colombia; M. Forest, of Haiti; M. LaFontaine, of Belgium; Antonio Huneus, of Chile; Signor Schanzer, of Italy; Dr. Eduard Henes, of Czechoslovakia; and M. Dowleb, of Persia.

TALKS ARMED THUG OUT OF HIS NERVE

"You Won't Shoot," Man Says. Then Wrests Pistol From Highwayman

DISARMED BANDIT SUBDUED

"You won't shoot. You haven't the nerve to shoot, now that I have you cornered. The only time you'll shoot is when you're running away. I'm going to take that revolver away from you."

Edward Bold, 1425 Poplar street, calmly said this to a Negro bandit who he cornered after the highwayman shot at him several times during a chase. Then though the gun was pointed at his head, he advanced and took it from the bandit.

But when Bold took the gun it recoiled in his hand and the superior power which had cornered him, and he put up a desperate resistance, in which Bold proved he was as strong physically as mentally, and conquered.

He held the bandit several feet and then handed him over to Patrolmen Owens and Jackson, of the Twentieth and Rutland streets station, who had been on the watch and ran to the scene. The bandit said he was Henry Thomas, Calmer street near Green.

But when Bold took the gun it recoiled in his hand and the superior power which had cornered him, and he put up a desperate resistance, in which Bold proved he was as strong physically as mentally, and conquered.

Knutsen Tells House Foreign Nations Finance Movement of Radicals to America

CHANGE IMMIGRATION BILL

By the Associated Press

Washington, Dec. 10.—Charges that foreign governments "are financing the movement of radicals through several countries in Europe to the United States" were made today by Representative Knutsen, Republican of Minnesota, who opened debate in the House on the Johnson bill, placing a two-year restriction on immigration.

"Spain is a nothing mass of anarchy," Mr. Knutsen declared, "and its government is dumping it on the United States. We have more than we know what to do with. We ought to deport them."

An amendment to the bill designed to safeguard the existing agreement with Japan regarding immigration from that country, was approved today by the House immigration committee. Chairman Johnson said the amendment would in any way let down the bars against Japanese immigration.

LEAGUE ACCEPTS BLOCKADE PLANS

Machinery to Be Used Against Offending State Laid Before Assembly

MARINE EMBARGO INCLUDED

By the Associated Press

Geneva, Dec. 10.—Machinery for putting the economic blockade into effect, was discussed by the assembly of the League of Nations at this morning's session. At the close of the debate several minor amendments were accepted and the report was adopted.

The proposed machinery, intended as a weapon against an offending state, consists of an international blockade committee of eight members appointed by the council of the league to study the subject of application of the blockade and report to the secretary general of the council, whom the league has charged with the duty of informing the council of facts which appear to show the covenant has been broken.

On receipt of such information, according to the proposed plan, the council must meet to consider the situation and inform all the members of the league.

These members, says the committee report embodying the plan, shall be in duty bound to take measures to carry out the provisions of Article XVI of the covenant, comprising the breaking of all diplomatic relations except such as exist for purely humanitarian purposes.

Where the covenant breaker has a seaboard the council should forthwith consider, says the report, which members can conveniently be charged with the duty of carrying out a marine blockade.

Mayor Moore also was on the bench in Central Station today with Magistrate Reshaw when Sidney Weinbeck and three others were arraigned on charges preferred by a broker who said he had been cheated at cards in a gambling establishment.

BERLIN MISUSING AID, FRENCH CHARGE

Paris, Dec. 10.—(By A. P.)—Large sums of money turned over to Germany by France for the purpose of ameliorating the material situation of miners in the Ruhr region have been misappropriated by the Berlin Government, it was found at a meeting of the committee of foreign affairs of the French Parliament yesterday, says the Matin.

Premier Leger is said to have declared Germany was not fulfilling her engagements toward France, remarking that the French budget of 1921 provides for advances on the account of Germany amounting to 16,000,000,000 francs. The French premier has explained the situation to Premier Lloyd George, who, it is said, has admitted the justice of his conclusions.

Premier Leger urged the commission that another Franco-British conference would be held in two or three weeks.

Reports received late in November stated that most of the 200,000,000 francs in gold paid each month to Germany by France under the Spa agreement since last July had been diverted to the purposes of propaganda and for payments of British creditors of Germany.

Berlin, Dec. 10.—(By A. P.)—Germany has never recognized any obligations to disband defense organizations which have no military character, says a note presented by the government to General Nollet, president of the inter-allied military control commission here.

These organizations, the note points out, are but temporary, and are necessary.

The surrender of weapons throughout Germany is almost complete, the note says, with the exception of Bavaria and East Prussia, where the people are under the influence of the radical regime of 1919, and a prolongation of the period for the turning over of firearms in these districts cannot be avoided until conditions are changed. It is asserted.

Where the covenant breaker has a seaboard the council should forthwith consider, says the report, which members can conveniently be charged with the duty of carrying out a marine blockade.

Mayor Moore also was on the bench in Central Station today with Magistrate Reshaw when Sidney Weinbeck and three others were arraigned on charges preferred by a broker who said he had been cheated at cards in a gambling establishment.

AGAINST INCREASE IN BOY SCOUT FUND

Objections to New Quota Are Made at District Conference Held Here

REPORTS ARE ENCOURAGING

Objection to an increase in quota, which the National Council of Boy Scouts has requested of state and city organizations in a campaign fund drive was made today at district conference of scouts.

The conference is being held at the Art Club. Councils of Pennsylvania, Virginia, Delaware, Maryland and District of Columbia are represented. The state named representative district under the order of administration and a committee will be named to administer affairs of the district. Similar district councils are being formed in all sections of the country.

Many of the representatives present said that in view of present conditions throughout the country an increase in the quota was out of the question. Several declared that in some cases the quotas in small cities and towns of the district had been almost doubled.

Despite the objection to the increase, however, there was no expression of disloyalty to the national council, who headquarters are in New York city. Among those who objected to paying the quota were Mark N. Haines of York, and John H. Brooks, Scranton. While they protested against paying a higher quota, they said that things might be different next year when an increase might be met.

Issue Gains, Remedy in Council, said he believed in paying the

quota requested by the national council, as absolutely necessary to do this, he contended, to maintain an efficient organization. Many encouraging reports of work done in 1920 were mentioned. G. Vandebell, of Williamsport, said the "out" in the coal regions and convinced the mine operators that the boys were doing more work than they were paid to do. He mentioned that 100,000 welfare workers employed for that special work by the U. S. government.
